INSTITUTIONAL STRATEGIC PLAN (2022-2032)

The objective of Viswanadha Institute of Pharmaceutical Sciences is to offer outstanding professional education, placing a strong emphasis on high-quality research through interdisciplinary collaboration. In the pursuit of academic excellence and innovation, our strategic plan places a priority on advancements in teaching methodologies, faculty development, and the integration of cutting-edge technology. By fostering a culture of engaged learning and establishing collaborations with industries, our aim is to provide a dynamic educational experience.

Committed to advancing both faculty and student research, our dedication involves supporting internal grants, integrating curriculum, and upholding ethical research practices. Prioritizing student success and community engagement, our focus lies on mentorship, experiential learning, and providing facilities that enhance modern learning environments. In partnership with industries and by promoting global engagement, we aspire to build a diverse, inclusive, and forward-thinking educational institution.

GOAL-1: ACADEMIC EXCELLENCE AND INNOVATION

- | | |
|--------------------|--|
| Strategy-1: | Continuously address gaps in the curriculum by incorporating industry advancements and interdisciplinary components. |
| Strategy-2: | Provide faculty training in pedagogical skills, encouraging attendance at education-focused conferences to enhance teaching methods. |
| Strategy-3: | Integrate cutting-edge technology for virtual labs and e-learning, fostering a culture of innovation in teaching methodologies. |
| Strategy-4: | Implement active learning strategies, such as problem-based learning and simulations, to enhance student engagement. |
| Strategy-5: | Create partnerships for real-world experiences through industrial visits and internships, connecting academic knowledge with practical applications. |
| Strategy-6: | Establish feedback mechanisms involving students, faculty, alumni and industry partners for continuous improvement in academic programs. |

GOAL-2: FACULTY AND STUDENT RESEARCH DEVELOPMENT

- Strategy-1: Foster faculty research through internal grants, external collaborations and conference support to promote continuous scholarly contributions.
- Strategy-2: Integrate research into the curriculum and recognize outstanding contributions by faculty members.
- Strategy-3: Provide students with research opportunities, forums, and coursework integration to encourage their involvement in scholarly activities.
- Strategy-4: Facilitate collaborations with external research institutions and industry partners to enhance the scope and impact of research projects.
- Strategy-5: Support faculty and student publication, dissemination, and adherence to ethical research standards.
- Strategy-6: Develop mentorship programs emphasizing responsible research conduct and integrity, ensuring a culture of ethical research practices.

GOAL-3: STUDENT SUCCESS AND COMMUNITY ENGAGEMENT

- Strategy-1: Implement a comprehensive mentorship program connecting students with faculty, alumni and professionals for guidance and support.
- Strategy-2: Enhance academic advising, offering proactive support and creating advising centers to assist students in achieving their academic goals.
- Strategy-3: Establish community partnerships for practical experience, health campaigns and service-learning to connect students with real-world issues.
- Strategy-4: Expand experiential learning through internships, industry visits and cooperative education to bridge the gap between academia and industry.
- Strategy-5: Foster networking opportunities, including alumni mentorship programs and career-focused events, to enhance student's professional development.
- Strategy-6: Recognize student achievements, provide scholarships and encourage involvement in professional organizations to promote holistic student success.

GOAL-4: FACILITIES AND TECHNOLOGY UPGRADE

- Strategy-1: Develop a strategic plan for infrastructure upgrades, prioritizing modern technology integration to support advanced learning environments.
- Strategy-2: Secure funding for research facility expansion, shared spaces, and state-of-the-art equipment to facilitate cutting-edge research.
- Strategy-3: Integrate eco-friendly design principles and sustainability initiatives into facilities planning and development.

- Strategy-4: Establish a comprehensive technology plan, providing ongoing training and support for faculty to stay abreast of technological advancements.
- Strategy-5: Regularly assess and address evolving needs, fostering a culture of adaptive learning spaces that align with educational goals.
- Strategy-6: Ensure accessibility, inclusivity, and energy efficiency in facilities planning and design for a conducive learning environment.

GOAL-5: INDUSTRY COLLABORATION AND GLOBAL ENGAGEMENT

- Strategy-1: Establish formal partnerships with pharmaceutical companies and industry advisory boards to enhance industry-relevant education.
- Strategy-2: Explore and implement global education initiatives, fostering international collaborations to provide a diverse and global perspective.
- Strategy-3: Promote diversity, inclusion, and cultural competence through various initiatives to create a globally aware and inclusive educational community.
- Strategy-4: Facilitate joint projects, industry-integrated learning, and knowledge exchange programs to bridge academia and industry seamlessly.
- Strategy-5: Encourage faculty and student participation in global initiatives and joint research projects for a broader academic experience.
- Strategy-6: Create a global alumni network, leveraging connections for ongoing engagement and insights, fostering a strong global community.

4.2 Visiting/Adjunct/Emeritus Professors - Domestic and international experts- Not Applicable

4.3 Recruitment Policy and Process - Transparent and merit-based

Recruitment Policy and Process:

Policy Statement

Our institution is committed to a **fair, transparent, and merit-based recruitment system** that ensures equal opportunity for all applicants. Recruitment practices are designed to attract and retain competent faculty, non-teaching staff, and administrative personnel who contribute to academic excellence and institutional growth.

Guiding Principles

- **Meritocracy:** Selection is based solely on qualifications, competence, and performance.
- **Transparency:** All vacancies, eligibility criteria, and selection procedures are publicly notified.
- **Equal Opportunity:** No discrimination on the basis of gender, caste, religion, or socio-economic background.

- **Compliance:** Adherence to statutory norms of UGC, AICTE, PCI, and government regulations.
- **Integrity:** Recruitment decisions are documented and subject to audit for accountability.

Recruitment Process:

1. Notification of Vacancies

- Vacancies are identified based on workload, expansion, and institutional requirements.
- Advertisements are published on the official website, notice boards, and approved media channels.

2. Application Procedure

- Candidates submit applications in prescribed format along with supporting documents.
- Applications are screened for eligibility and completeness.

3. Screening and Short listing

- A committee reviews applications against advertised criteria.
- Shortlisted candidates are informed via email/official communication.

4. Selection Process

- **Faculty:** Written test (if applicable), seminar/presentation, and personal interview.
- **Non-Teaching Staff:** Skill test and interview.
- **Administrative Positions:** Interaction with selection panel and competency evaluation.

5. Interview Panel

- Constituted with Principal, Dean/HoD, subject experts, and management representatives.
- Ensures impartiality and collective decision-making.

6. Final Selection

- Based on performance, qualifications, and institutional fit.
- Recommendations are documented and approved by the Governing Body.

7. Appointment and Induction

- Appointment letters are issued with clear terms of service.
- Induction programs familiarize recruits with institutional policies, code of conduct, and responsibilities.

Outcome:

This policy ensures that recruitment is **objective, transparent, and aligned with institutional values**, thereby strengthening academic quality and administrative efficiency.

STUDENT GRIEVANCE REDRESSAL:

GRIEVANCE AND REDRESSAL COMMITTEE

A Centralized Confidential Students Grievance and Redressal Committee were constituted to redress the grievances and complaints of the students.

Objectives of the Grievance Redressal Committee:

- To uphold the dignity of the College by ensuring strife free atmosphere in the College through promotion of cordial Student-Student relationship and Student-teacher relationship etc
- To provide responsive, accountable and easily accessible machinery for settlement of grievances and to take measures in the college undertakings to ensure expeditious settlement of grievances of Students in order to maintain a harmonious educational atmosphere in the institute.
- It is to deal with the complex situations in a tactful manner to lessen the condition felt to be oppressive or dissatisfied.
- Encouraging the Students to express their grievances / problems freely and frankly, without any fear of being victimized.
- Advising Students of the College to respect the right and dignity of one another and show utmost restraint and patience whenever any occasion of rift arises.

- Advising all the Students to refrain from inciting Students against other Students, teachers and College administration.
- Advising all staffs to be affectionate to the Students and not behave in a vindictive manner towards any of them for any reason.
- To support, those students who have been deprived of the services offered by the College, for which he/she is entitled.
- To make officials of the College responsive, accountable and courteous in dealing with the students.
- To ensure effective solution to the student's grievances with an impartial and fair approach.

Functions of Grievance Redressal Committee

- The function of the Committee is to look into the complaints lodged by any student, and judge its merit. The Grievance Committee is also empowered to look into matters of harassment.
- Anyone with a genuine grievance may approach the committee members in person, or in consultation with the class in-charge.
- The cases will be attended promptly on receipt of written grievances from the students. The Grievance Committee will act upon those cases which have been forwarded along with the necessary documents.
- The Grievance Committee will assure that the grievance has been properly solved in a stipulated time limit provided by the Committee.
- The Committee formally will review all cases and will prepare reports about the number of cases received. The Committee will give report to the authority about the cases attended to and the number of pending cases, if any, which require direction and guidance from the higher authorities.

6.8 Anti Ragging Measures:

ANTI-RAGGING COMMITTEE

Ragging has ruined countless innocent lives and careers. It is now defined as an act that violates or is perceived to violate an individual student's dignity. Ragging is totally banned in the campus and anyone found guilty of ragging and/or helping ragging is liable to be punished as it is criminal offence.

In conformity with Supreme Court judgments and directions, UGC guidelines and State Government Instructions, Viswanadha Institute of Pharmaceutical Sciences, Visakhapatnam follows an Anti-Ragging policy' towards ragging. Any student of the college, accused and found guilty of ragging, will be severely dealt with, in accordance with the Provisions of the Law.

Anti-Ragging Policy

According to the UGC Regulation on Curbing the Menace of Ragging in Higher Institutions, 2009, ragging constitutes one or more of any of the following acts:

- Any conduct by any student or students whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness a fresher or any other student.
- Indulging in rowdy or undisciplined activities by any student or students which causes or is likely to cause annoyance, hardship, physical or psychological harm or to raise fear or apprehension thereof in any fresher or any other student.
- Asking any student to do any act which such student will not in the ordinary course do and which has the effect of causing or generating a sense of shame, or torment or embarrassment so as to adversely affect the physique or psyche of such fresher or any other student.
- Any act by a senior student that prevents, disrupts or disturbs the regular academic activity of any other student or a fresher.
- Exploiting the services of a fresher or any other student for completing the academic tasks assigned to an individual or a group of students.
- Any act of financial extortion or forceful expenditure burden put on a fresher or any other student by students.
- Any act of physical abuse including all variants of it: sexual abuse, homosexual assaults, stripping, forcing obscene and lewd acts, gestures, causing bodily harm or any other danger to health or person;
- Any act or abuse by spoken words, emails, post, public insults which would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to fresher or any other student.
- Any act of physical or mental abuse (including bullying and exclusion) targeted at another student (fresher or otherwise) on the ground of colour, race, religion, caste, ethnicity, gender (including transgender), sexual orientation, appearance, nationality, regional origins, linguistic identity, place of birth, place of residence or economic background.

Punishments

According to the UGC Regulation on Curbing the Menace of Ragging in Higher Educational Institutions, 2009, those found guilty may be awarded one or more of the following punishments, namely;

- Warning , writing apology letter
- Suspension from attending classes and academic privileges.
- Withholding/ withdrawing scholarship/ fellowship and other benefits.
- Debarring from appearing in any test/ examination or other evaluation process.
- Withholding results.
- Debarring from representing the institution in any regional, national or international meet, tournament, youth festival, etc.
- Cancellation of admission.
- Rustication from the institution for period ranging from one to four semesters.
- Expulsion from the institution and consequent debarring from admission to any other institution for a specified period.

Roles & Responsibilities of the Chairman

To create self-confidence and congenial environment among the newly admitted students by way of conducting frequent interactive sessions to clear the doubts related to academic matters, social interaction and compatibility.

Roles & Responsibilities of the Convener

Based on the first hand information and prime-facie evidence, the convener submits report to the Principal for necessary disciplinary action. Severe punishment will be recommended on the accused, if proven.

Objectives of the Anti-Ragging Committee

Anti-Ragging Committee will be the supervisory and advisory committee in preserving a Culture of Ragging Free Environment in the college Campus. The main objectives of this cell are as follows:

1. To aware the students of dehumanizing effect of ragging inherent in its perversity.
2. To keep a continuous watch and vigil over ragging so as to prevent its occurrence and recurrence.
3. To promptly and stringently deal with the incidents of ragging brought to our notice.
4. To generate an atmosphere of discipline by sending a clear message that no act of ragging shall be tolerated and any act of ragging shall not go unnoticed and unpunished.

Functions of the Anti-Ragging Committee

- To uphold and comply with the directions of the Hon'ble Supreme Court and be vigilant on any acts amounting to ragging;
- To publicize to all students and prevalent directives and the actions that can be taken against those indulging in ragging;
- To consider the complaints received from the students and conduct enquiry and submit report to the Anti- Ragging Committee along with punishment recommended for the offenders;
- Oversee the procedure of obtaining undertaking from the students in accordance with the provisions;
- Conduct workshops against ragging menace and orient the students;
- To provide students the information pertaining to contact address and telephone numbers of the person(s) identified to receive complaints/distress calls;
- To offer services of counseling and create awareness to the students;
- To take all necessary measures for prevention of Ragging inside the Campus.

POLICY ON SEXUAL HARASSMENT

In accordance with the directives of UGC, NAAC, and the Supreme Court, Viswanadha Institute of Pharmaceutical Sciences has formed an Anti-Sexual Harassment committee. The purpose is to ensure a positive and welcoming environment for both the faculty and the students of the College.

Declaration of the Policy:

Viswanadha Institute of Pharmaceutical Sciences, is committed to respect the dignity of every individual. It aims to foster the development of its human resources, ensuring the complete protection of human rights. The institution guarantees the full realization of "Fundamental Rights" as outlined in articles 14, 15, 19(1)(g), and 21 of the Constitution of India. It also upholds the dignity of workers, employees, employment applicants, students, and those undergoing training, instruction, or education. In pursuit of these principles, all forms of sexual harassment within the employment, education, or training environment are deemed illegal. The institution fully implements the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013.

Objectives of the policy:

- Formulating guidelines and norms for an Anti-Sexual Harassment policy.
- Developing principles and procedures to address and prevent sexual harassment.
- Detailing the implementation specifics of the policy.
- Creating a comprehensive action plan encompassing short and long-term objectives.
- Conducting gender sensitization awareness programs.
- Establishing a neutral, confidential, and supportive environment for campus community members who may have experienced sexual harassment.
- Devising a mechanism for preventing and addressing instances of sexual harassment and other acts of gender-based violence within the institution.

Definition of Sexual Harassment:

For this purpose, sexual harassment encompasses unwelcome sexually determined behavior, whether explicit or implicit, such as:

1. Physical contact and advances;
2. Demands or requests for sexual favors;
3. Sexually colored remarks;
4. Displaying pornography;
5. Any other unwelcomed physical, verbal, or non-verbal conduct of a sexual nature.

If any of these acts occur in circumstances wherein the victim reasonably apprehends that, in connection with their employment or enrollment in the institution, whether the individual is receiving a salary, honorarium, or otherwise, can render such conduct humiliating and potentially pose health and safety concerns. It becomes discriminatory when a woman reasonably believes that objecting to such conduct could adversely affect her employment, work, or studentship, including aspects like recruitment, promotion, or academics, thereby creating a hostile work environment. Consequences may be unfavorable if the victim does not consent to the conduct or raises objections.

Jurisdiction:

The regulations outlined in this policy apply to all complaints of sexual harassment.

The Anti-Sexual Harassment Committee addresses issues related to sexual harassment at the Viswanadha Institute of Pharmaceutical Sciences, encompassing students, staff, and faculty. Complaints of discrimination or sexual harassment may be filed by the victim or a third party. A written complaint can be directed to the Convener of the Committee. If the complaint is lodged with the Principal or any Committee member, they may refer it to the Convener of the Committee against Sexual Harassment.

It's important to note, following the Supreme Court guidelines, sexual harassment can be defined as "unwelcome" sexually determined behavior, whether directly or implicitly. This includes:

- By a member of the institution against any other member, regardless of whether the harassment allegedly occurred within or outside the campus.
- By an outsider against a member of the college or by a member of the college against an outsider if the harassment is alleged to have occurred within the campus.
- By a member of the college against an outsider if the harassment is alleged to have occurred outside the campus. In such cases, the Committee will recommend that the college authorities take action by filing a complaint with the appropriate authority. Additionally, the committee will actively assist and provide available resources to the complainant in pursuing the complaint.

Composition of the Anti-Sexual Harassment Committee:

1. The Committee will be led by a senior woman faculty member of the college, holding the designation of the "**Chairperson.**"
2. The committee will include the Principal and two senior women teaching faculty as the members.
3. Additionally, the committee will feature three nominated girl student representatives.

Meetings of the Committee:

The Committee shall convene meetings when ever needed. Resolutions passed by the Committee must be recorded during the meeting and read aloud by the Chairperson. Within seven days after the meeting, an approved copy of the minutes will be sent to the Chairperson of the Constituting authority and all the Committee members.

Additionally:

- The Committee has the authority to summon witnesses and request documents or information from any employee or student.
- If the Committee believes that an employee or student can provide relevant documents or information, it may direct the person to produce them through a written notice or summons.
- If relevant information is recorded or stored electronically, the Committee can request its production or a clear written reproduction.
- Upon receiving the requested documents or information, the Committee may make copies or extracts and retain them for the necessary period.
- The Committee can issue interim directions concerning any person involved in the proceedings.
- The Committee can recommend actions against individuals found guilty of sexually harassing the complainant, retaliating or victimizing the complainant or others before the Committee, and making false charges of sexual harassment against the accused person.

Functions of the Committee:

1. Preventive Steps:

- The Committee aims to establish a safe environment free of sexual harassment.
- It strives to encourage behaviors that foster an atmosphere promoting gender equality and equal opportunities.

2. Remedial Steps:

- Ensure that the mechanism for registering complaints is safe, accessible, and sensitive.
- Take cognizance of complaints related to sexual harassment, conduct inquiries, provide assistance and redress to victims, recommend penalties, and take necessary action against the harasser.
- Advise the competent authority to issue warnings or involve legal measures to stop the harasser, with the complainant's consent.
- Seek medical, police, and legal intervention with the complainant's consent.
- Arrange for appropriate psychological, emotional, and physical support, such as counseling, security, and other assistance, if the victim desires.

Annual Report:

At the conclusion of each academic year, the Committee's Chairperson will compile an Annual Report detailing the Committee's activities throughout the year. A copy of the report will be forwarded to the Chairman of the Viswanadha Institute of Pharmaceutical Sciences.

7.5 Entrepreneurship & Start-Up Support:

The Training & Placement Cell fosters innovation and entrepreneurship in pharmacy. Students and faculty are encouraged to develop start-ups in **herbal, nutraceutical, and healthcare products**, supported by incubation, mentorship, and industry linkages. A flagship example is the **organic soap manufacturing start-up by our faculty, fully financed by the management**, showcasing sustainable innovation and institutional commitment.

7.6 Skill Development Initiatives:

The Training & Placement Cell enhances student employability through **soft skills, technical training, career readiness, and entrepreneurship exposure**. Programs include **communication workshops, GMP/GLP modules, interview preparation, and industry interactions**, ensuring graduates are **professionally competent and globally competitive**.

7.7 Corporate Social Responsibility (CSR) Engagements: No

SECTION 9 INFRASTRUCTURE, LEARNING RESOURCES AND FACILITIES

9.1 Campus Land and Buildings

Area: Instructional area: 2930 Sq mts

Administrative area: 1059

Amenities area: 1360

Circulation area: 3500

Total Builtup area of the Institution in Sqmts: 8849

Ownership: Sri Viswanada Nageswara Rao, Chairman, VNIPS

Layout Plan:

9.2 Classrooms and Laboratories:

Number of Classrooms: 14

Number of Laboratories: 11

Size:

Classrooms on average 94 sq mts

Laboratories: 75 Sq mts

9.3 Library and Learning Resources:

Library is automated using Integrated Library Management System (ILMS), subscription to e-resources, amount spent on purchase of books, journals and per day usage of library

Library is automated by using KOHA, an integrated library management system. It has the facilities for issue, return of books and maintaining record of books by using OPAC (Online Public Access Catalogue) which is used by students & faculty for search of books by title/ author name etc.

Digital Library is also available with facilities such as subscription, e-journals, e-books. E-Library resources, various journals are provided for access and help in upgrading the research knowledge of the staff and students.

The Central Library at Viswanadha institute of Pharmaceutical Sciences plays a crucial role in enriching the knowledge of both faculty and students. Subscribed to e-resources, purchased books, and journals.

With a spacious area of 134.18 square feet and a seating capacity for 60 users, the library serves as a valuable resource hub. Operating from 9:30 AM to 4:30 PM on all working days, the library is supported by dedicated staff members.

The library boasts a comprehensive collection of 3635 volumes of books, covering 532 titles across various fields, including Pharmacology, Pharmacy Practice, Pharmaceutics, Pharmaceutical Chemistry, Pharmaceutical Analysis, Pharmacognosy, Pharmaceutical Microbiology, Pharmaceutical Biotechnology, Biochemistry, Pharmaceutical Jurisprudence and General literature. Additionally, the library offers access to numerous online journals, both national and international, along with periodicals, newspapers, project reports of undergraduate and postgraduate students, and previous years' question papers.

Computer terminals with latest software and free internet facility are available for student and staff. It is also equipped with Wi-Fi for internet access on personal notebooks/laptops. Library is equipped with printing and photocopying facility for the convenience of the students. National and international printed or online journals are made available for the students. Academic resources available on the internet.

To cater to the needs of users, the library is equipped with a dedicated photocopying machine for reference materials. The digital library is another asset, housing approximately 16 CDs and providing access to e-resources heb-nic.in/ex-pha/index.php (Experimental pharmacology series software), jntupharmacy.knimbus.com, IBM Micromedex (Pharm.D), mlibrary portal and ebooks from ebookstore.bspublication.net/auth/login. It offers a collection of e- books (202) and e-Journals(1000) serves as an internet browsing center with ten computer systems. Self Study Report of Viswanadha Institute of Pharmaceutical Sciences printouts of website address with (I.D and password) are pasted at different places like class rooms and staff rooms, the students and staff entry register with the help of register numbers present on the identity card of students and staff respectively for authorized access of books.

9.4 ICT and Digital Infrastructure:

The institution is equipped with robust ICT and digital infrastructure, including campus-wide Wi-Fi connectivity, comprehensive CCTV surveillance for safety, and projectors to support interactive teaching. Access to online journals is facilitated through the Nimbus software system, ensuring academic resources are readily available. Smart classrooms with modern digital tools further enhance teaching–learning experiences and promote technology-enabled education.

9.5 Hostels: No

Canteen and Transport: Yes

9.6 Health and Wellness: Medical facilities are provided to staff and students through an on-campus health center with qualified professionals, regular health check-up camps, emergency referral services, and wellness programs promoting preventive healthcare and overall well-being.

9.7 Sports, Culturals and Recreation:

The institution actively promotes sports, cultural activities, and recreational programs to ensure holistic development of students. Facilities for indoor and outdoor games are provided, along with regular participation in intercollegiate tournaments. Cultural events, festivals, and talent showcases encourage creativity and teamwork. Recreational spaces and activities are designed to support physical fitness, mental well-being, and community engagement.

9.8 Safety, Security and Disaster Management:

The institution ensures safety and security through comprehensive CCTV surveillance across the campus, installation of fire safety equipment with regular drills, and dedicated measures for women’s security including grievance redressal mechanisms and awareness programs. These initiatives collectively strengthen disaster preparedness and create a safe environment for staff and students.

9.9 Environmental Sustainability:

Our institution is committed to **sustainable practices and environmental responsibility**. Renewable energy solutions, such as **solar power utilization**, are integrated into campus operations to reduce

carbon footprint. Effective **waste management systems** are in place, including segregation, recycling, and safe disposal of biomedical and laboratory waste. These initiatives reflect our dedication to **green campus development and eco-friendly pharmacy education**.

9.10 Barrier-Free and Inclusive Access:

Our institution is committed to creating an **inclusive and accessible environment** for all. Dedicated **washroom facilities for differently-abled individuals** have been provided, ensuring dignity, safety, and convenience. This initiative reflects our commitment to **barrier-free infrastructure and equal opportunity for every member of the campus community**.

11.5 Annual Quality Assurance Reports (AQAR): Inprocess

11.6 Institutional Best Practices:

Title of the Practice: Environmental Conservation

Objectives of the Practice: VNIPS has taken an initiative to create awareness about “Environmental Conservation”. It includes supporting practices such as investment in renewable energy by using solar panels and solar energy, conservation practices such as rain water harvesting

Best Practice: 1: Continuous supply of energy by use of solar panels

Viswanadha Institute of Pharmaceutical Sciences has adopted solar energy to ensure a continuous and eco-friendly power supply on campus. Solar panels installed across the institution generate electricity during the day, while battery storage systems retain excess energy for use at night or during cloudy conditions. This sustainable approach reduces reliance on conventional power sources and helps lower electricity costs. The system supports uninterrupted academic and research activities, even during power outages. By implementing this green initiative, the institute demonstrates its commitment to environmental responsibility and renewable energy. It stands as a model for other educational institutions aiming for energy sustainability.

Best Practice: 2: Recharge ground water by means of rain water harvesting

Viswanadha Institute of Pharmaceutical Sciences has implemented rain water harvesting pits on its campus to conserve water and promote sustainable resource management. These pits collect and store rainwater from rooftops and open surfaces, allowing it to percolate into the ground and recharge the groundwater table. This initiative helps reduce water wastage and lowers dependency on external water sources. By utilizing natural rainfall effectively, the institute ensures a sustainable and eco-friendly approach to water conservation. This green practice not only supports the campus’s water needs but also raises awareness among students and staff about environmental responsibility and the importance of preserving natural resources.

11.7 Feedback Mechanisms:

FEEDBACK ON CURRICULUM - AY 2024-25

Objective of the feedback:

Viswanadha Institute of Pharmaceutical Sciences is affiliated to JNTUGV Vizianagaram, and it follows the curriculum provided by the university. The Internal Quality Assurance Cell (IQAC) of the college plays a crucial role in identifying any gaps in the curriculum and designing co-curricular and extra-curricular activities to enhance the overall educational experience.

To improve the quality of activities at the College and enhance students' professional skills, employability, and entrepreneurial skills, the College actively seeks feedback from a range of stakeholders. These stakeholders include Students, Teachers, Alumni, and Employers.

This collaborative approach, involving various stakeholders and addressing their input, is a key strategy to provide a comprehensive education that not only supports academic achievement but also prepares students for success in their future careers and entrepreneurial pursuits.

SECTION 13 CONTINUOUS IMPROVEMENT AND FUTURE DIRECTIONS

13.1 Institutional Performance indicators:

- **Strong Student Admissions:** Consistently high enrollment numbers reflect the institution's reputation and demand.
- **Robust Infrastructure & Facilities:** Modern classrooms, laboratories, and support systems provide an excellent learning environment.

- **Research Excellence:** Faculty and students contribute actively to knowledge creation, with publications in **Scopus-indexed journals**.
- **Academic Outcomes:** Impressive result statistics demonstrate effective teaching, strong student performance, and quality learning outcomes.

INSTITUTIONAL STRATEGIC PLAN (2022-2032)

The objective of Viswanadha Institute of Pharmaceutical Sciences is to offer outstanding professional education, placing a strong emphasis on high-quality research through interdisciplinary collaboration. In the pursuit of academic excellence and innovation, our strategic plan places a priority on advancements in teaching methodologies, faculty development, and the integration of cutting-edge technology. By fostering a culture of engaged learning and establishing collaborations with industries, our aim is to provide a dynamic educational experience.

Committed to advancing both faculty and student research, our dedication involves supporting internal grants, integrating curriculum, and upholding ethical research practices. Prioritizing student success and community engagement, our focus lies on mentorship, experiential learning, and providing facilities that enhance modern learning environments. In partnership with industries and by promoting global engagement, we aspire to build a diverse, inclusive, and forward-thinking educational institution.

GOAL-1: ACADEMIC EXCELLENCE AND INNOVATION

Strategy-1:	Continuously address gaps in the curriculum by incorporating industry advancements and interdisciplinary components.
Strategy-2:	Provide faculty training in pedagogical skills, encouraging attendance at education-focused conferences to enhance teaching methods.
Strategy-3:	Integrate cutting-edge technology for virtual labs and e-learning, fostering a culture of innovation in teaching methodologies.
Strategy-4:	Implement active learning strategies, such as problem-based learning and simulations, to enhance student engagement.
Strategy-5:	Create partnerships for real-world experiences through industrial visits and internships, connecting academic knowledge with practical applications.
Strategy-6:	Establish feedback mechanisms involving students, faculty, alumni and industry partners for continuous improvement in academic programs.

GOAL-2: FACULTY AND STUDENT RESEARCH DEVELOPMENT

- Strategy-1: Foster faculty research through internal grants, external collaborations and conference support to promote continuous scholarly contributions.
- Strategy-2: Integrate research into the curriculum and recognize outstanding contributions by faculty members.
- Strategy-3: Provide students with research opportunities, forums, and coursework integration to encourage their involvement in scholarly activities.
- Strategy-4: Facilitate collaborations with external research institutions and industry partners to enhance the scope and impact of research projects.
- Strategy-5: Support faculty and student publication, dissemination, and adherence to ethical research standards.
- Strategy-6: Develop mentorship programs emphasizing responsible research conduct and integrity, ensuring a culture of ethical research practices.

GOAL-3: STUDENT SUCCESS AND COMMUNITY ENGAGEMENT

- Strategy-1: Implement a comprehensive mentorship program connecting students with faculty, alumni and professionals for guidance and support.
- Strategy-2: Enhance academic advising, offering proactive support and creating advising centers to assist students in achieving their academic goals.
- Strategy-3: Establish community partnerships for practical experience, health campaigns and service-learning to connect students with real-world issues.
- Strategy-4: Expand experiential learning through internships, industry visits and cooperative education to bridge the gap between academia and industry.
- Strategy-5: Foster networking opportunities, including alumni mentorship programs and career-focused events, to enhance student's professional development.
- Strategy-6: Recognize student achievements, provide scholarships and encourage involvement in professional organizations to promote holistic student success.

GOAL-4: FACILITIES AND TECHNOLOGY UPGRADE

- Strategy-1: Develop a strategic plan for infrastructure upgrades, prioritizing modern technology integration to support advanced learning environments.
- Strategy-2: Secure funding for research facility expansion, shared spaces, and state-of-the-art equipment to facilitate cutting-edge research.
- Strategy-3: Integrate eco-friendly design principles and sustainability initiatives into facilities planning and development.

- | | |
|-------------|--|
| Strategy-4: | Establish a comprehensive technology plan, providing ongoing training and support for faculty to stay abreast of technological advancements. |
| Strategy-5: | Regularly assess and address evolving needs, fostering a culture of adaptive learning spaces that align with educational goals. |
| Strategy-6: | Ensure accessibility, inclusivity, and energy efficiency in facilities planning and design for a conducive learning environment. |

GOAL-5: INDUSTRY COLLABORATION AND GLOBAL ENGAGEMENT

- | | |
|-------------|---|
| Strategy-1: | Establish formal partnerships with pharmaceutical companies and industry advisory boards to enhance industry-relevant education. |
| Strategy-2: | Explore and implement global education initiatives, fostering international collaborations to provide a diverse and global perspective. |
| Strategy-3: | Promote diversity, inclusion, and cultural competence through various initiatives to create a globally aware and inclusive educational community. |
| Strategy-4: | Facilitate joint projects, industry-integrated learning, and knowledge exchange programs to bridge academia and industry seamlessly. |
| Strategy-5: | Encourage faculty and student participation in global initiatives and joint research projects for a broader academic experience. |
| Strategy-6: | Create a global alumni network, leveraging connections for ongoing engagement and insights, fostering a strong global community. |

The teaching staff members are actively exploring the possibility of an action plan. This action plan is intended to align with demands and feedback of stakeholders, particularly students.

Given the focus on student feedback, it's positive to see that a threshold (90%) has been set to distinguish between positive and negative feedback. This threshold can serve as a benchmark for evaluating the effectiveness of the implemented changes.

S.No	Question	Feedback/concern	Percentage consens us	Action to be taken
1	How do you rate the syllabus of the course that you have gone through in relation to the expected teaching-learning process?	Very Good	92	We are working towards creating a dynamic and effective teaching learning environment.
2	How do you rate the allocation of credits and hours to the courses?	Very Good	92	We are establishing a credit and hour allocation system that supports effective teaching and learning.
3	How do you qualify the relevance of syllabus of each course to the recent trends and developments?	Very Good	92	Taking care by putting efforts to provide updated information about the topics which are there in the syllabus.
4	How do you assess the various papers in terms of their relevance to the specialization streams?	Good	90	Considered and updating action taken report to JNTU GV for necessary action.
5	The content of courses is able to increase your knowledge and skills to pursue higher education?	Very Good	94	Considered and reported to action to JNTU GV for up gradation and necessary action.
6	The teachers illustrate the concepts through examples and applications.	Excellent	96	We will continue the same.
7	Your observation on the usage of ICT tools such as LCD projector, Multimedia, etc. by the teachers while teaching	Very good	92	Regular and proactive efforts were made to train and qualify the faculty for the usage of multimedia.

NAME OF THE STAKEHOLDER: Alumni of the AY: 24-25

The academic council meeting has been convened by college academic committee consisting of all teaching staff under the supervision of principal. The purpose is to conduct feedback analysis and propose effective changes in their respective departments.

The teaching staff members are actively exploring the possibility of an action plan. This action plan is intended to align with demands and feedback of stakeholders, particularly Alumni.

Given the focus on alumni feedback, it's positive to see that a threshold (90%) has been set to distinguish between positive and negative feedback. This threshold can serve as a benchmark for evaluating the effectiveness of the implemented changes.

S.No	Question	Feedback/ concern	Percentage consensus	Action to be taken
1	The current syllabus is adequately updated from the one followed during your course of study.	Very Good	92	We are taking care by putting efforts to provide updated information about the topics in the syllabus by conducting guest lecturers from Industries.
2	How do you rate the curriculum with respect to professional ethics and behavior?	Very Good	94	Faculty was trained to behave as a Professional ethical teacher rather than an individual to set moral standards.

3	Does the curriculum have the ability to find solutions to real life/practical problems in industry through the use of technical knowledge?	Very Good	94	Considered and updating report to JNTU GV for necessary action to reach the global standards.
4	Does the curriculum have reasonably practical and laboratory skills for analysis and design of experiments?	Very Good	92	We are providing the required arrangements to learn the best possible laboratory skills.
5	Does the College Conducted Career orientation training programs	Excellent	96	Knowledgeable career guidance systems were adopted
6	Does the curriculum have ability and engage in a process of continuous learning to meet the current job requirements?	Very Good	92	Periodical workshops and seminars are conducting.
7	Does the college has given promising contribution for your future paths	Very Good	92	We are guiding the students both technically and professionally to reach their future goals.
8	Encouragement to good cognitive and soft skills development	Excellent	96	We are making our students to get trained even in the soft skills and cognitive skills.
9	Does the Infrastructure of the college is sufficient to carry out the research activities?	Very Good	94	Necessary infrastructure was provided to the students. Furthermore we try to improve the infrastructural facilities .
10	Overall satisfaction for the current program in meeting its educational objectives.	Very Good	94	Considered and updating report to JNTU GV for necessary action.
11	Are you satisfied with the efforts taken by the College to connect with its Alumni?	Excellent	96	Continuing the same connection with the alumni.
